

# L-3000 Hand Dryer

The L-3000 is a slim-dri high speed hand dryer with the advantage of a 17 second drying time and low running costs.

### Codes

L-3000

### Technical Data

Finishes	CS (Satin)
Voltage / frequency:	220-240V, 50-60Hz
Consumption:	7.5 amps
Weight:	4.68Kg (10lb 5oz)
Stainless steel grade (CS)	304
Noise level:	71dB at 1m (39")
Air speed:	28m/s (92ft/s)
Nominal power / rates:	1.8Kw at 230V
Air outlet temperature	54°C (129°F) and 20°C (68°F) for ambient air
Sensor range	100mm (4") vertically under outlet
Warranty	1 year (from date of purchase). This excludes brushes as they are a wearing part and dependant on usage.

### Installation Guidelines

Fixing height	Varies - see table below
Washroom layout	<p>Number of hand dryers to be fitted – in toilet areas with normal frequency one dryer for two washbasins. In high usage toilet areas two dryers per three washbasins. In very high frequency washrooms one dryer per one washbasin. Mounting template included with dryer.</p> <p>Ideal location – between washbasins and exit. If mounted over a washbasin recommended minimum distance from dryer to basin should be 400mm (15 <sup>3</sup>/<sub>4</sub>”).</p>
